OBJECTIVE

Passionate and dedicated full stack web developer with hands-on experience in developing scalable web applications using modern web technologies. Seeking to leverage my skills and academic background to contribute to innovative projects and grow within a dynamic development team.

WORK EXPERIENCE

Web Development Intern

OctaNet Services Pvt Lmt, Odisha

May 2024-June 2024

- Collaborated with the development team to design and implement new features.
- Assisted in maintaining and optimizing existing web applications.
- Participated in code reviews and contributed to improving code quality.

EDUCATION

B.Tech in Computer Science

- Dr. APJ Abdul Kalam Technical University, Lucknow, Uttar Pradesh
- Expected Graduation: Oct 2025

Technical Skills

- **Front-End:** Html, Css, JavaScript, React, TailwindCSS, Bootstrap, Material-UI
- **Back-End:** Node.js, Express.js
- **Database:** MongoDB (Mongoose)
- **Other Tools:** Git, GitHub, npm, RESTful APIs

Projects

1. Notes Sharing Website for College Students

- Implemented user authentication for secure access.
- Enabled file upload and download functionality.
- Designed a responsive interface.
- Utilized MongoDB for efficient data management.

2. Hostel Management Website for BSA College, Mathura

- Developed a student section for registering complaints and viewing notices.
- Created a warden section for managing student records and issuing notices.
- Implemented role-based access control to ensure data privacy and security.
- Used custom css to design a user-friendly and responsive layout.

3. Social Media Web App (like Instagram)

- Implemented user authentication and profile management.
- Enabled posting, liking, and commenting functionalities.
- Designed an interactive and visually appealing UI with Material-UI.
- Used MongoDB to store user data and posts.
- Deployed the application on vercel.
